WALLBOARD TOOLS SUPER MESH CERAMIC

Wallboard's Ceramic Mesh is made from tough ceramic grain that is designed to significantly outlast traditional sanding pads and increase the speed of removal. Ceramic mesh is able to achieve this due to the ceramic grain incorporating a fracture pattern that continuously exposes sharp edges. It is also easy to align, with no designated hole pattern. Available in a variety of grits for the sizes 225mm, 150mm & 125mm.

- Ceramic grain – The ceramic grain fracture patterns means sharper edges for longer
- Minimal clogging
- Dustless sanding
- Faster removal
- Suitable for power sanders
- Long lasting – Outlasts traditional paper faced sanding pads
- Easy alignment (No designated hole pattern)
- Suitable for use on plasterboard, paint, wooden surfaces & more
- Our most premium & economical pad yet
